Value for Organisations

Building a practical skillset for foot assessment that enables a healthcare practitioner to be competent and confident in chronic conditions of the foot basic care.

Learning Outcomes

- Safely perform a basic foot care assessment
- Determine foot care requirements
- Prepare and use basic equipment and materials
- Document foot, skin and nail care according to organisational requirements
- Make appropriate referrals in a timely manner

The course is supported by funding from the Australian Government Department of Health under the Chronic Disease Support Project.
